
Article Information Sheet

Producer: FUJIFILM Corporation
7-3 Akasaka 9-Chome, Minato-ku, Tokyo 107-0052, Japan

Distribution: FUJIFILM Europe B.V., Oudenstaart 1, 5047 TK Tilburg, The Netherlands

Issued: 15.07.2016
Modified: 05.09.2016

1. Product

Product Name: Water Washable Flexo Plate FLENEX FW-A (Analogue)

2. Composition

The main components are as follows:

<u>Main Ingredients</u>	<u>Weight-%:</u>
polyethylene terephthalate	10-22.
polymers	45-55
(Metha) Acrylic Acid Ester Monomer	15-25
plasticizer	10-20
additives	1-5
photopolymerization initiator	0.5-7.5
dyestuff	< 1

3. Health & Safety Hazards

Caution:Please wear protection gloves when you handle the plate.

4. Fire Hazards and Fire Fighting Measures

This product is capable of burning, but will not ignite or flash under normal conditions.

<u>Product / Main Ingredient(s)</u>	<u>Ignition Temp.</u>	<u>Flash Point</u>	<u>Density</u>
product	N/Av	N/Av	N/Av

Combustion Gases

Carbon dioxides, carbon monoxides, small amounts of nitrogen oxides, sulfur oxides and smoke can be generated depending upon the burning condition.

Fire Fighting Measures

Water, carbon dioxide, extinguishing powder or foam can be used as an extinguishing media.

While fire fighting, wear protective equipment such as self contained breathing apparatus, depending upon the fire situation.

5. Disposal Considerations

5.1 General Disposal Considerations

It is recommended to provide it to a legitimate recycler.

5.2 Special Disposal Information for Europe

The following indexes of the European waste catalogue apply for waste catalogue number:

- a) 200139 plastics (industrial waste)

6. Transport

This product is not subject to dangerous material classification and labelling pertaining to transportation.

7. Storage

Specific hazards regarding storage are not known. For information on storage conditions please refer to the technical manual.

8. Further Information

Further information is not available at present.

Additional Disposalrecomendations:Used Filter Material : EU Waste Catalogue number 15 02 02

Waste water without treatment : EU Waste catalogue number 080111

Treated wastewater may be drained off depending on local regulation.

Therefore please contact your local authorities.

(It is recommended to provide the Material Safety Data Sheet of the used detergent.)

The content of this information sheet has been drawn up in accordance with current knowledge at the time when the sheet was issued. This Article Information Sheet provides information related to the environment and to safety and does not make any warranty about the properties or quality of the product. Furthermore, the precautions presented herein are postulated upon normal handling (the type of use originally intended by the manufacturer) of the product.
